18/49 E297: Section 50 Licence for Maple Lane

Mr Greenaway's contractors has suggested another way. They said they can by creating a pumping station that will pump the water up to an existing connection on this side of the road. It crosses a neighbour's property they have agreed if Mr Greenway does a deed of easement.

Highways are happy with this as it does not require a section 50 license and have given approval to join into the system. Therefore, no liability insurance is required. Mr Greenaway has spoken to the grant person Dipo and they are also happy with this method, so Mr Greenaway will go along with this method
